Hellenic College

Vision
Hellenic College is the undergraduate division of Hellenic College Holy Cross, the only fully-accredited undergraduate and graduate Orthodox Christian institution of higher learning in North America. The vision of Hellenic College Holy Cross is to be the intellectual, educational, and spiritual center of the Greek Orthodox Church in America, stimulating, developing, and sustaining ordained and lay vocations for service to Church and society based on faith.

The Mission of the College
Hellenic College, an Orthodox Christian institution of higher learning, cultivates the intellectual, spiritual, and moral development of its students so that they might serve and contribute to society and the Church. To that end, Hellenic College fosters intellectual development in its students, engaging them in liberal arts and professional curricula that demand rigorous inquiry and academic scholarship. The College promotes spiritual and moral development by incorporating students into the practices, teachings, and liturgical life of an Orthodox Christian community. The College offers also the opportunity to its students to become aware of the universal intellectual and cultural values of the Hellenic cultural heritage. The College encourages its students to respond to their unique vocations by committing to education, faith, and service in all aspects of their professional and personal endeavors.

Accreditation and Affiliation
Hellenic College is accredited by the New England Association of Schools and Colleges, Inc., through its Commission on Institutions of Higher Education. Inquiries regarding the accreditation status by the New England Association should be directed to the administrative staff of the institution. Individuals may also contact: Commission on Institutions of Higher Education, New England Association of Schools and Colleges, 209 Burlington Road, Bedford, MA 01730-1433, (617) 271-0222, e-mail: cihe@neasc.org.

Non-Discrimination
Hellenic College is in compliance with Title IX of the Education Amendments of 1972 with the Internal Revenue Service Procedure 75-50. The college and graduate school do not discriminate on the basis of race, color, national or ethnic origin, or sex in the administration of their employment policies, admission policies, or recruitment activities. Hellenic College complies with Section 504 of the Rehabilitation Act of 1973.

FERPA Rights
The Family Educational Rights and Privacy Act of 1974 (FERPA) was designed to protect the privacy of educational records, to establish the right of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students have the right to file complaints with the Family Educational Rights and Privacy Act office concerning alleged failure by the institution to comply with the Act.

Contract Statement
The provisions of this catalog are not intended to constitute a contract between the student and the college. Hellenic College reserves the right to make changes at any time within the student's term of enrollment. Courses and faculty are subject to change through normal academic channels.

Students are responsible for meeting in full the requirements for graduation set forth in the school catalog upon date of entry. The student advisor assists in the planning of a program, but the final responsibility for meeting the requirements for graduation rests with the student.
Admissions Information

Applicants to Hellenic College have a special interest in developing personally and professionally in preparation for serving the Church and community. This commitment to spiritual growth and human service unifies the diverse student population at Hellenic College.

**Early Action Admission**
If Hellenic College is your clear first-choice college, you are strongly encouraged to apply for early action. Designed to provide freedom and flexibility for students seeking an early indication of their chances for admission, early action continues to serve students well. Those admitted early are free to apply to other colleges and compare financial aid offers from other institutions.

**Benefits of Early Action:**
- Early consideration for scholarships and financial aid
- Earliest consideration for on-campus housing
- $50.00 application fee waived

**Regular Decision Admission**
Applications submitted under regular decision will be reviewed on a rolling admission basis. The College will notify you of its decision within several weeks after complete application materials are received.

**How to Apply**
Hellenic College accepts students of all races and creeds. The College admits qualified first-year and transfer students to all programs in September and January. In evaluating applicants for admission, the Admissions Committee looks at the whole person. Admission is based on each candidate’s academic record, application, personal essay, recommendations, extracurricular activities, interview reports, and test scores.

**General Requirements**
All of the following are taken into consideration in judging qualifications for admission:
- Completed application form*
- $50 application fee (*waived for early action applicants*)
- Mandatory interview with the Admissions Director (in person or on the phone, or via Skype)
- Academic report*
- Official copy of all transcripts (all high schools and colleges you have attended)
- Evaluations from two instructors*
- ACT or SAT test scores (*waived for transfer students with over 24 credit-hours of college work*)
- Health report and immunization verification*

*Forms included in application packet.
In addition, the following applicants must submit:

</tbody>
</table>

*Forms included in application packet.
**Results from the Test of English as a Foreign Language (TOEFL); Hellenic College requires a minimum score of 550 on the paper-based test or a minimum score of 61 on the new Internet-based testing.
***Students wishing to transfer to Hellenic College from regionally accredited colleges must normally have a minimum 2.00 grade point average in their previous college work. Students transferring credit must have earned at least a C in the course from an accredited institution. Both an official transcript and a course catalog that lists course descriptions must be submitted for review. Courses are accepted that correspond to courses offered by the college or are related to them. A two-year residence is required, and one-half plus one credits must be earned from their program to be awarded a degree from Hellenic College.

Once application materials are submitted to Hellenic College, they become the permanent record of Hellenic College and may not be returned to the applicant.

Special Students
One may apply for admission as a special student. Normally, this is a student who does not technically fulfill all of the requirements for admission as a full-time or part-time candidate for a degree. Special student status may be held for only one academic year. Following this, a student must request either full-time or part-time status or must withdraw.

Students with special student status are ineligible for federal financial aid as required by the Department of Education. Students with special student status are also ineligible for institutional scholarships.

International Students
Students who are applying from foreign countries must obtain an F-1 student visa in compliance with sections 101(a) F(11) of United States law.

Hellenic College international students are responsible for keeping their own passports valid beyond the expiration date by six months. International students are required to report their addresses to the Immigration and Naturalization Service (INS) on Form I-53, available at any U.S. post office, on or before January 31 of each year.

Proficiency in English to pursue a course of study equivalent to that normally required of an American applicant must be demonstrated through the TOEFL scores. To be eligible for admission as an international student, you must meet the following criteria:

- Must be a degree-seeking student.
- Meet admission criteria for freshmen, for transfer students, or you must possess a second bachelor’s degree, whichever is applicable.
- Pass the TOEFL test with a minimum score of 500 on the paper-based test, or a minimum score of 61 on the Internet-based TOEFL.
- File a HCHC Financial Statement that indicates that your sponsor has sufficient finances to support you for the duration of your stay in the United States. Downloaded financial statements must be mailed to us because signatures are required.
- Maintain full-time enrollment in order to comply with federal regulations.

When registering for the TOEFL exam, please note the Hellenic College TOEFL code number is 9794.

To be in compliance with federal law, international students must maintain full-time status (12 minimum credit hours).

In addition to the admissions requirements for all students, international students must submit an immigration status declaration form and an affidavit of support. Support from churches, organizations, individuals, other outside parties, etc., must be documented in writing and indicate monetary amounts thereof.
International students are required to be in full compliance of all laws and regulations regarding their studies and immigration status. Failure to do so is basis for dismissal.

**Conditional Acceptance**
Hellenic College occasionally accepts students who marginally meet the requirements for acceptance under certain conditions that are designed to support academic success. These conditions include, but are not limited to, reduced course load, close monitoring of academic performance, and periodic academic advisement. The student has two semesters to achieve a GPA of 2.0 or higher to gain full status. At the end of that period, the College reexamines the student’s performance and accordingly accepts or dismisses the student. A student under conditional acceptance may not be eligible for financial aid.

**Learning about Hellenic College**
The Office of Admissions encourages qualified students who are interested in pursuing a well-rounded liberal arts education to apply for admission. To learn more about Hellenic College and its programs, visit our website at www.hchc.edu or contact the Office of Admissions toll-free at 866-HCHC-EDU (866-424-2338), 617-850-1260, or by fax at 617-850-1460. You may also write: Office of Admissions, Hellenic College, 50 Goddard Ave., Brookline, MA 02445; or e-mail: admissions@hchc.edu.

**Campus Visits**
An important part of choosing a college is the campus visit. Candidates can tour the campus with a Hellenic College student, as well as meet with the Director of Admissions, and Hellenic College faculty and staff members. Prospective students are welcome to attend classes during their campus visit. Meetings are offered on weekdays throughout the year between 9 a.m. and 4 p.m. Campus visits and meetings must be arranged in advance by contacting the Office of Admissions.

**Financial Information**
See the financial aid section for basic fees, payment policy, and financial aid.
Academic Information

Registration
Registration takes place in several steps, all of which must be completed before registration can be considered valid. To register, students should:

1. Obtain financial clearance from the finance office.
2. Pick up registration packets.
3. Choose their courses.
4. Have their registration forms reviewed and signed by their advisors.
5. Submit the form to the registrar’s office.
6. Obtain class schedule.
7. Make course adjustments during the designated drop/add period at the beginning of each semester.
8. Complete the writing placement examination. All incoming students are required to take a placement examination in English composition administered by the Literature and History program. Those whose writing skills prove to be inadequate will be required to take a remedial course.

Confidentiality
The registrar’s office gives the student the opportunity to prevent personal information from being released to friends, relatives, or interested persons who inquire at the registrar’s office and to delete the student’s name from the student directory, in order to comply with the Family Education Rights and Privacy Act of 1974 (The Buckley Amendment). This is accomplished by completing a form which is available in the Registrar’s Office. See the Student Handbook for more information.

Late Registration
Any student who fails to register at the appropriate scheduled time is assessed a late registration fee of $100.

Course Adjustments
A drop/add form must be obtained from the registrar’s office, signed by the appropriate professor(s) and the academic advisor and returned to the office within the designated time period. Any course dropped after this time is considered a withdrawal. Applicable refunds are outlined within the financial information section.

Course Load
Usually five 3-credit courses are taken each semester. Some students may also be required to enroll in one 1.5-credit course and/or an additional 3-credit course in certain semesters according to their program. Students who wish to take an additional course in any semester must receive the permission of the Dean. The minimum course load for full-time students is 12 credits. Any student taking more than 18 credits per semester will be required to pay additional tuition. During the midterm and final examinations, a student may petition the faculty to reschedule examinations in the event that a student is scheduled to take more than two exams on one day.

Class Attendance Policy
Students are expected to attend class promptly and regularly, to prepare assignments with care, to turn in their papers on time, and to take an active part in class discussions. At the beginning of each course, the professor will make it clear to his or her students that excessive absences will necessarily affect their actual progress and achievement in learning and will be taken into account in evaluating their work. Each professor will, at that time, define the term “excessive” as meaning in excess of 150 minutes of absence from a class. The Dean will be consulted in case of extraordinary circumstances.
Course Auditing
Any student intending to audit a course (and earn no credit) is required to note this on the registration form and to receive the permission of the course instructor. Auditors are expected to attend all regular classes. A student who first registers for a course for credit may change to auditor status only during the drop/add period. A student who first registers for a course for auditor status may change to credit status only during the drop/add period. Courses audited are not included in determining the total credits earned. The charge for courses that are audited is 50% of regular tuition rates.

Directed Study
Directed Study is an opportunity for an outstanding student to work closely with a full-time faculty member in a special field of study that complements the student's major program. The student will have the opportunity to pursue research of a scholarly nature or to complete a special term project. Directed Study offers the student a chance to study content that is not part of the regular curriculum. It is not a substitution for, or individualized tutoring in, courses regularly offered. The College is not obligated to provide Directed Studies. A student may undertake a course as a Directed Study by drafting a proposal in cooperation with the appropriate instructor. This proposal should be prepared on a form available in the registrar’s office. It must carry the signature of the faculty member and the chair of the department and then should be submitted to the Dean of the College for final approval. Directed Study is reserved for juniors and seniors. The student must have a GPA of 3.0. Generally only one Directed Study per year is allowed. Each participant is normally allowed two Directed Studies toward his or her degree.

Tutorials
A tutorial is one-on-one instruction in a course that is currently in the Hellenic College catalog. Such tutorials are rarely offered: only in instances when a course is required for graduation that semester and course enrollment does not permit the regular scheduling of that course. The College is not obligated to provide tutorials.

Cross-Registration
Students can broaden their intellectual horizons still further by taking advantage of cross-registration opportunities made available by Hellenic College. Cross-registration is available with Boston College and Newbury College. Students are permitted to cross-register for one elective course per semester. Seniors in the Religious Studies program who have at least a B average may petition to cross-register for certain courses offered in the Graduate School of Theology, typically first-year core classes or lower electives for which all prerequisites have been completed. If a student has chosen to apply those credits toward his or her undergraduate degree requirements and subsequently matriculates in the School of Theology, those courses may not be applied toward his or her graduate requirements.

Incomplete Course Work
Students are expected to complete course requirements by the date established by the instructor. A student may petition for an extension in the event requirements are not completed. A form for an extension request must be obtained from the Registrar’s Office, and the request must be approved by the instructor, who will grant the incomplete if it is deemed appropriate. Completed and approved petitions must be filed in the Registrar’s Office no later than the last day of class. All course requirements must be completed within thirty days from the last day of the semester, after which all incompletes are converted to grades. Only one request for an extension will be granted each semester per student, unless otherwise recommended by the program chair and approved by the Dean.

Withdrawal from a Course
Withdrawal takes place after the confirmation of registration. A student should (1) obtain a course change authorization form from the registrar’s office, (2) have it approved by his or her professor and advisor, then (3) return it to the registrar’s office. Withdrawals before the designated period will be recorded as “W.” This notation has no bearing on the calculation of the grade point average. Applicable refunds are outlined within the financial information section. The last day to withdraw from a course is the last day of class. Students who withdraw from class merely by being absent will be given a “WF,” which is equivalent to a grade of F, and will incur full financial obligation to the college. Students are not allowed to withdraw from more than one course per semester without the recommendation of program director and approval of the Dean.
Grading System
The grades assigned the student at the end of each term, together with the equivalent grade points, are as follows:

<table>

Good Standing and Honors
All students must maintain a quality point average of 2.00 (C) per semester in order to be considered in good standing. A grade point average of 2.00 is required for graduation.
Students with a quality point average of 3.5 or higher are named to the Dean's List.
Students with a quality point average of 3.00 but less than 3.5 are placed on the Honors List.
Students with a quality point average of 3.8 or higher are placed on the President’s List.

Contesting Grades
In the case of a contested grade, the following process is followed:
- The student discusses with the professor the contested grade, as soon as practicable. The professor explains why the student received that grade.
- Student and professor may seek a mutually agreeable solution, including extra work or another test, etc.
- If there is no agreement, the contested grade is referred to the Dean.
- The Dean appoints an ad hoc committee that examines the case and proposes solutions to be confirmed by the faculty for final resolution.

Course Transfers, Waivers, and Advanced Credit
A student may be exempted from a particular course provided that he or she can demonstrate to the faculty a reasonable competence in the elements of the course by achieving a satisfactory score on a College Level Examination Program (CLEP) exam in the related subject matter. Students should consult the program chairs for guidance in determining the appropriate exams and requisite scores.

Students who served in the military may receive training for which they receive college credits. Military students may obtain their transcript through AARTS and submit it to the Registrar for evaluation by the Degrees, Policies, and Procedures Committee (DPP).

Students who took AP courses in high school and received a score of four (4) or higher may submit those courses to the Registrar for evaluation and potential credit. The DPP Committee will evaluate the courses and transcripts and will render its decision.

Students may transfer up to 60 credits, in courses with a grade of C or higher, from another accredited college to be applied to his or her chosen program of study. The Registrar will submit the courses taken at another institution to the DPP Committee that will evaluate whether or not the courses may be counted for credit within a student’s program. The DPP will inform the Dean and the Registrar of its decision and will grant all credits deemed appropriate.

Matriculated students desiring to take courses outside HC must complete a Transient Enrollment Form in the registrar’s office.
Contesting Transfer Credits
In the case of contested transfer credits the following process is followed:

- The student petitions the Degrees, Policies, and Procedures (DPP) Committee to reconsider the number of courses and credits accepted for transfer, offering additional or clarifying information about such courses/credits.
- The DPP Committee reconvenes to discuss the petition and render its decision.
- The DPP Committee informs the student of its new decision.

Leaves of Absence
A leave of absence will be granted for one semester, up to a total of two semesters. No student may have a leave of absence longer than two semesters during his or her years at the college, subject to review by the academic Dean. A request for a leave of absence for a semester or for a full academic year should be filed with the Registrar's Office before the end of the semester preceding the leave.

Withdrawal from Hellenic College
A student desiring to withdraw voluntarily from Hellenic College must (1) secure an application for withdrawal from the Registrar's Office, (2) obtain the required signatures, and (3) file the application with the same office. The mark “W” will be entered on his or her transcript, and credit will not be granted if withdrawal takes place after the eighth week of instruction. A student who fails to withdraw in the prescribed manner stated above will not be entitled to an honorable dismissal or to any refund.

Withdrawal will not be permitted without the written consent of the parent or guardian in the case of a minor. Re-admission after withdrawal must be made through the Office of Admissions.

Readmission after Withdrawal from Hellenic College
Students that have withdrawn voluntarily from Hellenic College and have received an honorable dismissal may seek readmission through the Office of Admissions. They must submit the following documentation:

- A petition for readmission form.
- A letter addressed to the Director of Admissions detailing reasons for seeking readmission.
- A one- to two-page update to original autobiographical statement recounting activities since leaving Hellenic College.
- Official transcripts documenting all academic work undertaken since leaving Hellenic College.

International petitioners must submit anew the following forms: affidavit of support, immigration status declaration, and dependent family visa request and affidavit (if applicable).

All communications with Hellenic College must be conducted through the Office of Admissions. Petitions must be completed by June 25 for the Fall Semester, and October 25 for the Spring Semester. The Readmission Committee will decide on the petition after reviewing the original application dossier together with the student's record and the autobiography update if it has been two years or less since the student withdrew or filed for a leave of absence. The Readmission Committee and the Admissions Committee will need to approve the student's return if the student has been away for more than two years up to five years. The student will need to reapply if he or she is returning after five years.

Students whose petitions have been denied may submit a complete application after two years. All communications with Hellenic College must be conducted through the Office of Admissions. Petitions must be completed by June 25 for the Fall Semester, and October 25 for the Spring Semester. The Readmission Committee will decide on the petition after reviewing the original application dossier together with the student's record and the Autobiography Update if it has been two years or less since the student withdrew or filed for a leave of absence. Probation and Academic Dismissal
Less than a 2.00 (C) quality point average automatically places a student on academic and financial aid probation. Students, academic advisors, and the student Financial Aid Office will be officially informed in writing of the student’s probationary status by the Registrar in January for the Spring Semester and in June for the Fall Semester, provided that all the student’s grades have been received by the Registrar’s Office.
Students on academic probation may only register for twelve (12) credits the following semester. During that semester they are required to meet with an advisor periodically to discuss their progress; they are also encouraged to seek any tutorial assistance that might be necessary. Students may register for more than twelve credits only once they have proven that they can complete twelve (12) credits in a given semester with a grade of at least C in each class (no “C-”s, withdrawals, or incompletes).

Students who are on academic probation for two semesters, consecutive or not, will receive from the Registrar notification of automatic academic dismissal and will be required to discontinue their studies at Hellenic College. See below for further instructions on reinstatement and/or readmission.

Students who have a quality point average of less than 1.00 (D) shall receive an automatic academic dismissal. See below for further instructions on reinstatement and/or readmission.

The College reserves the right to require the withdrawal of any student whose academic work falls below its standards, who violates its rules and regulations, or whose continuing presence constitutes a risk to the well-being of others or the community as a whole.

**Reinstatement or Readmission after Academic Dismissal**

Within two weeks of being notified of academic dismissal, a student may formally petition the faculty for reinstatement by submitting to the Dean's office a petition explaining any mitigating circumstances concerning the academic dismissal. If reinstated, a student will be ineligible for federal financial aid until satisfactory academic progress is proven and confirmed by the Dean.

In the event the petition to be reinstated is denied, a student may petition to be readmitted in one of the following two semesters. The following documentation must be submitted:

1. A petition for readmission form.
2. A letter addressed to the Director of Admissions detailing reasons for seeking readmission.
3. A one- to two-page update to original autobiographical statement recounting activities since dismissal.
4. Official transcripts documenting all academic work undertaken since dismissal.

International petitioners must submit anew the following forms: affidavit of support, immigration status declaration, and dependent family visa request and affidavit (if applicable).

All communications with Hellenic College must be conducted through the Office of Admissions. Petitions must be completed by June 25 for the Fall Semester and by October 25 for the Spring Semester. The Readmission Committee will decide on the petition after reviewing the original application dossier together with the student’s record and the autobiography update. Students whose petitions have been denied may submit a new, complete application after two years have elapsed. Students who do not submit a petition for readmission within the allotted time period must submit a new application should they decide to seek readmission at a later date.

**Academic Expulsion**

If a student is found guilty of a serious academic violation, the College may expel the student. Expulsion is a permanent and irrevocable dismissal of a student from the College.

The Dean will appoint an ad hoc committee to examine questions of academic impropriety. Following the committee's review, the case is referred to the Dean to be adjudicated by the faculty.

**Academic Honesty**

As part of their scholarly development, students learn how to work cooperatively in a community of scholars and how to make fruitful use of the work of others without violating intellectual honesty. They learn the parameters of collaboration and the proper forms of quoting, summarizing, and paraphrasing. Faculty advisors and other faculty members will give additional information and instruction in this area.

A student is subject to disciplinary action if found in violation of the accepted norms of student accountability in his or her academic work. All work submitted to meet course requirements (homework assignments, papers, examinations) is expected to be the student’s own work, designed and presented for one course only. In the preparation of work submitted to meet course requirements, students should always take care to distinguish their own ideas from information derived from primary and secondary sources. The responsibility for learning the proper forms of citation lies with each individual student. All paraphrased material must be acknowledged.
Some Specific Types of Academic Dishonesty

- Data falsification: the fabrication of data or the alteration of data included in a report.
- Plagiarism: taking another's statements, ideas, or information without full and proper acknowledgment, and presenting them as one's own.
- Collusion: assisting another student by allowing him to copy one’s own work, the use of purchased essays or term papers, and unauthorized cooperation in assignments or during an examination.

Hellenic College insists upon the highest standards of academic integrity in all student work, both written and oral. A full discussion of the responsibilities of students and faculty in this matter can be found in the student handbook.

The following steps will be taken in the event of plagiarism:

1. The faculty member will present evidence of plagiarism to the student. The faculty member will inform the Dean and arrange a meeting among the student, the Dean, the faculty member, and if necessary, other involved parties if plagiarism is confirmed by the student or is indisputable on account of the evidence.

2. The student will be placed on academic probation if the above meeting results in agreement that plagiarism has occurred. Hellenic College faculty members for courses in which the student is enrolled will be informed of the student's plagiarism. The Dean and the faculty member who initiated the process of assessing the student’s plagiarism will proceed with disciplinary measures that reflect the severity of the act. Those measures may include, but are not limited to: failing the course where plagiarism occurred, withdrawing from said course without reimbursement, and rewriting the assignment(s) for a lower grade.

3. The process will be repeated if said student commits a second offense of plagiarism. The second academic probation will result in more severe consequences if plagiarism is confirmed. Additional measures may be taken, such as listed above, and the student may also be expelled from the College.

4. The student may appeal the decisions of the Dean and the faculty member by petitioning the Disciplinary Committee.

5. In the event that the reporting faculty is also the dean, the process will be mediated by the chair of the Degrees, Policies, and Procedures committee.
Student Life

The Office of Student Life (OSL) serves the HCHC community in many capacities and supports student initiatives for improving community life. The OSL also assists students and their families with problems for which they have been unable to find adequate resolution elsewhere.

The Dean of Students oversees the following student activities: the Student Government Association (SGA), Campus Activities Board (CAB), HCHC community events, disciplinary procedures, the student directory, the Synaxis (gathering of the student body) schedule, guest speakers, retreats, special needs of individual students and their families, and *diakonia* (community service) assignments.

**Student Organizations and Activities**

**Student Government Association**—The Student Government Association (SGA) is the official representative of the HCHC student body and aims to strengthen our religious, intellectual, and social responsibilities as well as to coordinate the shared desires of the students. The SGA is the parent organization of several smaller organizations and committees that are under its auspices which includes the: Campus Activities Board, Married Student Association, Hellenic Student Association, Spiritual Life Committee, Athletics Committee, as well as many other programs and committees. Together, these organizations form a mutual effort to provide spiritual, social, and communal activities. The SGA is comprised of the Executive Board, the leaders of the campus organizations, and the Vice-Presidents of each class (four from Hellenic College and four from Holy Cross). It is thus the responsibility of all members of the SGA board to report back to their respective classes and organizations as to the different events in which our community is engaged.

**Campus Activities Board**—The Hellenic College Holy Cross Campus Activities Board (CAB) is the center for campus fellowship and community. CAB sponsors various events throughout the year that are ideal for students of all ages. CAB’s main events include the Fall and Spring Panigiris, Fall Fest, Awards Night, boat cruise, Tournament of Champions, and Community Graduation Dinner Dance. CAB prides itself on providing the best activities possible to suit all the students of HCHC. Our door is always open to students who want to offer their time and talents.

**Married Student Association**—The Married Student Association (MSA) exists to foster relationships both within the married community, but also between the married community and the community at large. This is done through a series of private and group events, including both marital-enrichment and recreational activities.

**Missions Committee**—The Missions Committee works to promote a mission consciousness at Hellenic College Holy Cross. It seeks to increase the awareness of the importance of missions as a central part of our lives as Orthodox Christians and within the Church, and tries to expose our students to the work of Orthodox Christian missionaries worldwide. The Committee promotes participation and support for international and domestic cross-cultural missions through our annual Fall Missions Week and Lecture, regular meetings, and group involvement in short-term mission trips during Spring Break or over the summer through the OCMC and the Missions Institute here at HCHC.

**Athletics Committee**—The Athletics Committee coordinates athletic events on campus to support fellowship, active lifestyles, and friendly Christian competition. Athletics currently holds four major sporting intramurals throughout the year: football, volleyball, basketball, and soccer. "Pick-up" games of the gymnasium sports are offered on a nightly basis, Monday through Thursday, except when intramurals must occupy the Pappas Gymnasium. Intramurals are offered for both males and females, and in the cases of volleyball and soccer, those intramural leagues are co-ed. Athletics participants may be students, faculty, and spouses/family members of students. Besides intramurals, the annual Columbus Day events are put on through Athletics, CAB, and the Alumni Association, including the Hellenic College vs. Holy Cross football game in the morning and the HCHC students vs. alumni game in the evening.
Orthodox Christian Fellowship—The mission of OCF is “to support fellowships on college campuses, whose members experience and witness to the Orthodox Christian Church through community life, prayer, service to others, and study of the Faith.” Students at HCHC are blessed to have the headquarters of OCF on campus, as many of our seminarians are involved at various OCF chapters in the Boston area. Additionally, through a partnership with Holy Resurrection Orthodox Church in Brighton, MA, regular OCF Coffeehouse events are hosted throughout the year. Hellenic College Holy Cross looks forward to being a resource for Orthodox Christian Fellowship chapters in the area.

Sonia Belcher’s Hellenic College Holy Cross Ambassadors—The Ambassadors program was designed to partner parishes and metropolises to send Hellenic College Holy Cross students to assist in offering retreats as well as to promote our beloved school. Since the program began, students from Hellenic College Holy Cross have traveled all over the country to help run retreats for both youth and adults. Our program is dedicated to the memory of Sonia Belcher, an inspirational leader who directed this group for many years. Without Sonia, this program would not be here. Memory eternal!

Hellenic College Psychology Club—The purpose of this organization is to provide programs and information concerning graduate schools and careers in the field of psychology. Here we support student initiatives to attend and participate in psychology conferences and to attend meetings of psychology organizations (e.g., the American Psychology Association). Through this club students also have the opportunity to work one-on-one with psychology faculty here at Holy Cross Hellenic College.

Hellenic Student Association Paideia at HCHC—The purpose of the Hellenic Student Association Paideia is to spread Hellenic culture and language through cultural events and activities. We work toward these goals by holding meetings and organizing events that will aid in spreading our beautiful culture and heritage.
Office of Chaplaincy

The Chaplaincy Office exists to assist students, faculty, and staff in their spiritual growth on campus. In particular, it offers the following ministries:

- Coordinates the liturgical life on campus
- Oversees the chapel on campus
- Schedules services and serving clergy
- Supervises the various ministries in the chapel, such as the ecclesiarch, altar groups, chant groups, decorators, and ushers
- Educates in the liturgical life by producing liturgical texts and guides and by offering seminars
- Assists the President and the Department of Spiritual Formation and Counseling in overseeing the seminarian program
- Offers spiritual counsel
- Assists the spiritual father program on campus by encouraging students to establish and maintain relationships between the spiritual father and his spiritual son or daughter
- Coordinates various retreats

Office of Spiritual Formation and Counseling Services

Our Mission
Students and families of students are invited to call upon the HCHC community’s resources in the areas of spiritual formation and counseling to strengthen and enhance their personal growth. The Office of Spiritual Formation and Counseling Services supports the mission of Hellenic College Holy Cross Greek Orthodox School of Theology by nurturing the spiritual and psychological well-being and development of all students and their families, working in conjunction with the faculty, alumni, and the Greek Orthodox Archdiocese. These programs are available to all students and family members. The Pastoral Care Director and Psychological Care Director coordinate the various services offered: spiritual fathers program; spiritual and psychological assessment; and counseling and referrals.

The Seminarian Program
Christian leadership requires a combination of love, knowledge, intuition, and faith – strengthened by self-confidence, tempered by humility, and modeled on the conciliarity of the Holy Trinity. Important as books are, liturgical and pastoral skills are best learned through the intangibles afforded by example and experience. The HC/HC community is a parish in addition to being an educational institution.

Seminarians are required to participate regularly in daily chapel services, scheduled synaxes (community gatherings called by the President), diakonia (community service) assignments, on- and off-campus retreats, and other community events. In addition, all seminarians are required to participate in annual events such as the Greater Boston Greek Independence Day celebrations and graduation ceremonies. As future leaders of the larger community, seminarians must first show themselves to be self-motivated and responsible to the HCHC community. Although the responsibilities to the HCHC community may sometimes be hard to balance with the demands of academic life, in many ways one’s future service to the Church and society will require a similar balance.

The President is ultimately responsible for admission to and participation in the Seminarian Program. The President is also responsible for overall implementation and effectiveness of the Spiritual Formation and Counseling Services (SF/CS) Office, which affirms a holistic view of formation. All students interested in the Seminarian Program must complete a separate application and complete the preadmission requirements as detailed in the Seminarian Program Checklist. The candidate’s dossier must be completed before being considered for the program. More information about the Seminarian Program is found in the Student Handbook.

The SF/CS Office’s co-directors also advise the President on students’ readiness for Church ministry (including, but not limited to, the participants of the seminarian program). Participation in activities promoting spiritual and psychological formation and development is expected of the seminarians and seminarian candidates.

Spiritual Fathers Program
In keeping with the tradition of the Orthodox Church, students and families of students are encouraged to establish and to maintain an ongoing relationship with a spiritual father. The Office of SF/CS staff can help in selecting a spiritual father if necessary. The spiritual father guides his charges in development of Christian character and provides guidance in striving—askesis—toward spiritual development.

Maintenance of a relationship with one’s spiritual father is essential to participate in the Seminarian Program. For the seminarian, his spiritual father will be his sponsor and signer of the symmartyria to be read at ordination. In some instances students are referred by the spiritual assessment provider to their spiritual father to discuss pastoral concerns.
Academic Support and Disability Services
Students struggling academically can receive academic support in the form of organizational and time management skill building, while students with diagnosed learning disabilities are eligible to receive specialized services and accommodations under state and federal laws. These may include testing accommodations (extended time, separate locations, etc.), use of assistive technology, priority course selection, or consultations with on and off-campus learning disability specialists. Furthermore, subject peer-tutors are available free of charge to all HCHC students who need one-on-one academic assistance.

Counseling and Referrals
Counselors assist students and their families in resolving a wide variety of problems. Our counselors provide short-term counseling with referrals, as needed, crisis intervention, and educational seminars to the students and their families. In most cases, students contact a counselor directly by calling (617) 850-1289 or dropping by the office. In some cases, a spiritual father, faculty, or staff member may refer students for assistance. In other cases, seminarian candidates may be referred for counseling subsequent to their psychological evaluation.

Spiritual Assessment
Using instruments, interviews, and reflective assessments, students will have opportunities to address their spiritual and pastoral concerns. The assessment is ongoing, occurring before and during the Seminarian Program. While required for the seminarians, any student may inquire about using this service.

Psychological Assessment
This resource exists to strengthen and enhance the students’ emotional growth. While any student may ask about using this service, it is required for those entering the Seminarian Program. Please contact SF/CS staff for information regarding accessing on and off-campus psychological assessments.
Office of Vocation and Ministry

The mission of the Office of Vocation and Ministry (OVM) at Hellenic College is to train, educate, and inspire the future leaders of the Orthodox Church and society. It provides opportunities for college students, high school students, and those who serve them, for growth in Orthodox Christian vocation and leadership through theological inquiry, ongoing reflection, and service activities.

The OVM defines vocation as one's unique and ongoing response to Christ’s call to love God with heart, soul, mind, and strength, and one's neighbor as oneself. It seeks to encourage all participants to consider their life as vocation, and to nurture the next generation of leaders who are called to full-time ministry in the Church, whether to the ordained priesthood or to lay ministry.

The OVM seeks to be theologically and faithfully Orthodox Christian; to be excellent stewards of the resources of its grants from Lilly Endowment Inc., Archbishop Iakovos Leadership 100 Endowment, Virginia Farah Foundation, and individual benefactors; to work with integrity, energy, and creativity; to provide engaging and rich programs through effective administration; to publish resources to share learning; and to utilize collaborative inquiry for ongoing program planning and evaluation.

In January of 2003, Hellenic College became one of 88 accredited universities in the United States to receive a five-year grant from the Lilly Endowment Inc. The purpose of the grant is to (1) help undergraduate students relate faith and vocational choices, (2) increase the number of qualified candidates for Christian ministry (lay and ordained), and (3) enhance the capacity of a school's faculty to teach and mentor students in the vocational arena. From 2003–2011, approximately one-quarter of Lilly Endowment grant funding to the OVM supported vocation-related efforts of Orthodox Christian Fellowship, the North American campus ministry effort under SCOBA. In May 2006 the Lilly Endowment awarded Hellenic College a sustainability grant to continue these programs through July 2012. Today the OVM has officially “graduated” from Lilly Endowment support and is now supported by our greater Orthodox community of philanthropists and foundations, including Leadership 100, Old Neighborhood Foods, the Virginia H. Farah Foundation, the Cottonwood Foundation, the Gerondelis Foundation, the Novak Family Foundation, and numerous individual benefactors.

The OVM offers vocational exploration programs for Hellenic College undergraduates, a summer institute for high school students known as CrossRoad, and opportunities for faculty at Hellenic College and Orthodox faculty nationally to develop their vocations through the Orthodox Scholars’ Initiative. In addition to OVM’s programs, the OVM publishes resources to share Orthodox perspectives on vocation and related topics. The OVM-initiated publication Christ at Work: Orthodox Christian Perspectives on Vocation (Holy Cross Orthodox Press, 2006) serves as a guiding text.

Programs for Hellenic College Students

Housed in the Skouras Classroom building, Room 220, the OVM is a busy hub with students and faculty frequently gathering for conversation around the coffee pot. The OVM’s programs, offerings, and individual meetings with students invite them to apply their understanding of vocation in a concrete way to academic, career, and ministry endeavors.

- Incoming Retreat: to introduce new Hellenic College students to vocational reflection
- St. Photios the Great Faith and Learning Symposium, open to all Orthodox college students in the Boston area
- The Round Table: monthly discussion forum for undergraduate juniors and seniors on vocation and contemporary issues, hosted off-campus by a staff or faculty member in his or her home
- Exploration of the Priestly Vocation: mentoring sessions for undergraduates interested in the priesthood
- Women in Leadership and Service: mentoring sessions for undergraduate women, exploring roles and careers in ministry
- Service Learning Course: a year-long course (1.5 credits each semester) called Introduction to Community Engagement, which allows students to engage in service as they explore and discern vocation and career paths
Programs for Hellenic College Faculty and Orthodox Faculty Nationally
Since its inception, the OVM has provided the leaders at Hellenic College unique opportunities for integrating the exploration of vocation into the very life of the school through curriculum review, revision of the College mission statement, and retreats for faculty, staff, and administration. The Orthodox Scholars’ Initiative (OSI) began in June 2008 as a broadening of OVM faculty programs at Hellenic College. It aims at enhancing the capacity of (a) Hellenic College faculty, and (b) Orthodox Christian faculty nationally to:
- Inform and expand their own sense of vocation as scholars and teachers in the various disciplines of higher education
- Teach and mentor undergraduate students around the topic of vocation
- Contribute scholarly work on the Orthodox Christian theological exploration of vocation
- Contribute scholarly work on the relationship between Orthodox Christianity and higher education

The OVM is preparing a volume of collected essays from notable Orthodox scholars on the topic “Orthodox Christianity and Higher Education,” and hosts a database of Orthodox scholars from all disciplines at www.osi.hchc.edu.

CrossRoad, a Summer Institute for Orthodox Christian High School Students
CrossRoad is an academic summer program for high school juniors and seniors held on campus at Hellenic College. In 2008 the program doubled in size and now hosts two 10-day sessions, accommodating 60 Orthodox high school juniors and seniors each year. The program is for students who would love:
- Classes in Orthodox theology
- Discussions on vocation and calling
- Daily chapel services
- Service to the community
- Unparalleled fellowship for Orthodox Christian youth

In addition, CrossRoad annually hosts a retreat for its alumni every Lent during the Sunday of the Cross and publishes an alumni magazine. See www.crossroad.hchc.edu for more information, and let us know if we can send informational material to a high school student you know!

Publications on the Orthodox Christian Exploration of Vocation
In addition to its programs, the OVM seeks to publish resources to share what it is learning. The following are available through the Holy Cross Bookstore, the OVM, and/or online at the OVM websites (www.vocation.hchc.edu, www.crossroad.hchc.edu):
- *Vocation and Parenting: An Audio Resource*. Addressing the topics “The Vocation of Parenting” and “Parenting for Vocation,” this resource is geared for the parents of Orthodox Christian high school and college-age youth but has relevant wisdom for all Christians. Key talks by Thomas Hopko, Albert Rossi, and Nicholas C. Triantafilou.
- *Our Youth and Their Vocation: Holy Decisions at the Crossroad of Life*. This resource outlines some of the vocational challenges faced by today’s youth and offers suggestions for parents to help children and adolescents navigate decision-making. Ann Bezzerides, Nicholas Belcher, and Mary Long.
- *Down the Road*, the CrossRoad alumni newsletter, available at crossroad.hchc.edu.

Further written and audio talks can be found online at www.vocations.hchc.edu.

The staff of the Office of Vocation and Ministry always welcomes conversation on the theological exploration of vocation and Church ministry. Call or email us to make an appointment and join us for coffee!

Payment

To obtain financial clearance, a student must:

1. Settle any balance remaining from the previous semester.
2. Prior to the start of classes each semester, a student must pay or show valid evidence that payment is forthcoming for the full amount of the current semester’s net charges. Valid evidence should include documentation of bank loans, scholarships in process, financial aid, etc.
3. In special cases, temporary deferred payment arrangements may be made, provided that the balance is paid in full before the end of that current semester.
4. Every graduating student must settle and pay all financial obligations to the institution twenty (20) business days prior to graduation, at the latest, in order to participate in graduation exercises and receive a diploma or transcript.

Refunds

Tuition and room and board refunds are determined by the number of weeks a student has attended class or has been in residence. If a student officially withdraws within:

- Week 1: 90% refund
- Week 2: 80% refund
- Week 3: 60% refund
- Week 4: 30% refund

There are no refunds after the fourth week of the semester. Additionally, a student who withdraws from the School and fails to do so in the prescribed manner will not be entitled to any refund.
Financial Aid Overview

Hellenic College and Holy Cross offer a program of financial assistance to those students who qualify. Financial assistance may be offered in the form of scholarships, grants, assistantships, loans, and employment. Awards are based on academic performance, special skills, demonstrated need, and the availability of funds. Approximately 95% of our students receive some form of financial aid. The Office of Financial Aid and the Office of Admissions will be glad to discuss how a student's particular needs can be met.

Loans provide students with the opportunity to borrow against future earnings. Several loan programs supported by the federal government are available on the basis of financial need. Work/study opportunities on campus make it possible for students to defray the cost of their education through part-time employment.

All students are expected to contribute to their education. All financial aid awards are considered supplemental to the contribution of the family and the student. To be eligible for federal funds a student must: be accepted into the School; be enrolled in a degree program; be a citizen or permanent resident of the United States; be in good academic standing and make satisfactory academic progress as outlined by School and federal standards; and complete all necessary applications on a timely basis. All forms are available in the Office of Financial Aid.

Vocational Grants (Leadership 100 Loan and Seminarian Funding)
Students who are enrolled at Holy Cross and who have declared in writing their intention to be ordained as priests in the Greek Orthodox Archdiocese of America and who meet certain academic and performance-based standards are eligible for Leadership 100 Loans. Leadership 100 Loans are only given to master of divinity seminarian students. Once the student becomes ordained in the Greek Orthodox Archdiocese of America, the Leadership 100 Loan is forgiven.

The amount funded under each student loan is determined by the administration each year. The average Leadership 100 Loan for the academic year 2012/2013 addressed approximately 85% of the seminarian's tuition bill. Historically, the Seminarian Funding grants have approximated $2,100 annually.

The amount of funding received by each student shall be deemed a loan. Upon the student's ordination to the priesthood, the loan is forgiven. If a student leaves the School before graduation for any reason (except with written permission of the School President), or otherwise decides that he does not want to pursue ordination, the loan will become payable. The School may utilize outside third-party resources to administer and collect against such loans.

All qualified students will be required to sign a “Declaration Agreement” in order to receive such funding. The signing will occur during registration or financial clearance each semester.

Alumni Allowance
Students who are dependent children of alumni of Hellenic College or Holy Cross are guaranteed a minimum 50% discount of the tuition rate OR may choose to take advantage of better school scholarship offers. The 50% alumni allowance may not be combined with other school offers and does not become the base to which other school aid is applied.

Students who are candidates for the holy priesthood must accept vocational funding before becoming eligible for this discount.

Employee Allowance
Students who are dependent children of a full-time employee of Hellenic College or Holy Cross are guaranteed a minimum 50% discount of the tuition rate OR may choose to take advantage of better school scholarship offers. The 50% employee allowance may not be combined with other school offers and does not become the base to which other school aid is applied.

Service to Community
As a service to the wider Greater Boston area community, the College offers a special rate to individuals who wish to take a course as auditors or for credit. The auditor charge in such cases is a flat fee of $200 and for credit $500 for the course. This does not apply to full- or part-time students.
Teacher Assistantship Program
The Teacher Assistantship Program provides students with part-time positions assisting full-time members of the faculties. These assistantships are restricted to full-time, upper-class students whose cumulative grade point average is at least a 3.00 or B, and who demonstrate financial need. Candidates are selected by individual faculty members in conjunction with the Financial Aid Office.

Work Study Program
The Work Study Program offers a variety of part-time employment opportunities on campus. Students are selected based on demonstrated financial need and depending on the availability of positions. Work study jobs are assigned by the Financial Aid Office.

Federal Supplementary Educational Opportunity Grant
Limited federal funds are available to students under the Federal Supplementary Educational Opportunity Grant (FSEOG). Grants are awarded according to School and federal guidelines, and are based on financial need.

State Scholarships
Many states offer scholarships and/or loans to their residents who wish to attend schools in their state. However, some states offer scholarships to their residents to attend schools in another state. The following states offer such “portable” aid programs: Connecticut; Rhode Island; Vermont; Pennsylvania; and the District of Columbia. Students may obtain further information from their high school guidance department or directly from the state agency responsible for such programs. Massachusetts residents may also write to the Hellenic College student Financial Aid Office.

Federal Direct Loan Program
The Federal Direct Loan Program provides students with the opportunity to borrow money from the Department of Education in order to pay for their education. The total annual amount that a student may borrow is based on a student’s status and year of study and varies from year to year according to federal guidelines.

All Federal Direct Loans are repaid by the students. Under the Subsidized Loan Program, students begin their repayment six months after they complete their programs of study. The federal government subsidizes the interest while the student is in school. The interest on unsubsidized Federal Direct Loans is not subsidized by the federal government and can either be paid by the student during his or her program of study or may be deferred until six months after the student finishes school. If the student chooses to have the interest accrued, it will capitalize, and the principal of the loan will increase significantly.

Applying for Financial Aid
Hellenic College encourages its present and prospective students to research the financial aid picture to keep abreast of any new funding programs. Realizing the expenses involved, every effort should be made to pursue any local awards that may be offered in your community. Hellenic College requires all students who wish to be considered for financial assistance to submit the Free Application for Federal Student Aid, FAFSA (www.fafsa.ed.gov). A FAFSA is used to determine your eligibility for federal financial aid and/or grants. Once an Estimated Family Contribution (EFC) has been determined, the form is sent to Hellenic College to be used in determining eligibility for all financial aid programs. The student must also complete the Hellenic College financial aid form.

The Five Domains of Learning at Hellenic College
The general education requirements, combined with the requirements of each major and various co-curricular activities, offer learning opportunities in five designated domains.

I. LIBERAL ARTS AND HELLENISM
Students will graduate with a broad knowledge of the wider world by surveying the various disciplines of the arts and sciences. They will develop strong and transferable intellectual and practical skills, as well as analytical and problem-solving strategies. With a spirit of idealism, students will be prepared to become active citizens of the world.

II. PROFESSIONAL COMPETENCE AND MASTERY
Students will graduate with competence in a specific field of study and the practical skills to enter their professional lives. Students will demonstrate personal integrity, effectiveness in defining and attaining goals, and a collaborative spirit in all endeavors. They will demonstrate a commitment to their professional development, including a focus on mentoring others.

III. SELF-KNOWLEDGE
Students will graduate with self-knowledge that is developed through participation in a campus community that affords opportunities to grow intellectually, forge meaningful relationships, participate in service-oriented projects, and experience the integration of faith in everyday life. Students will gain a keener sense of self-awareness and a deeper appreciation for their strengths, weaknesses, talents, and gifts.

IV. FAITH
Students will graduate with an ability to articulate the teachings of the Orthodox Christian faith. They will evaluate, incorporate, and synthesize those teachings into their own worldview. They will reflect on how those teachings could impact their vocational choices. They will participate in the worship and spiritual life of the Church, and apply their education to serve the Church and society with love and discernment.

V. SERVICE
Students will graduate with the ability to distinguish between helping and serving. They will demonstrate an understanding that service is a relationship of equals, that they serve from a place of wholeness and a desire to connect with the wholeness in others. Service rests in the basic premise that the nature of life is sacred and they serve life not because it is broken but because it is holy.

Degree Requirements
Hellenic College confers the degree of bachelor of arts upon those students who have successfully completed the requirements that have been established by the faculty. Candidates for the baccalaureate degree must complete the following general requirements:

- We require a minimum of 126 credits, but many programs require three credits more. Students must achieve an overall grade point average of 2.00 or above. According to the present requirements, 60 of the credits are in the area of general education, 42 of the credits are in Human Development and Religious Studies (B), 54 are in Classics, 42 in Elementary Education, 30 credits in Liberal Studies, and 57 in Religious Studies (A). The remaining credits are in elective courses.

1. Required course for sophomore or junior year beginning Fall 2014.
2. This does not include the first-year experience program (Eisodos) required in the first semester of study, in which students earn .5 credits.
• The standard period of time required to earn the bachelor's degree is four years (eight semesters) of full-time study. A minimum of four semesters of residence at Hellenic is ordinarily required in the case of transfer students.
• The Dean and the academic advisors are available to assist students in their academic progress. However, each student is ultimately responsible for the completion of the proper courses related to his or her course of study and for meeting all the degree requirements.
• Students are expected to maintain at least a C average throughout their college career. Students’ records are reviewed by the Dean at the end of each semester.

Program Minors
Students may choose to pursue a minor in any program offered by Hellenic College by completing a sequence of 15 credits of work as prescribed by the minor requirements of each program.

Requirements for a Minor:
1. A major and a minor cannot be taken from the same department.
2. A minor shall consist of no fewer than 15 credits in a program of study as prescribed by the program or planned in consultation with a departmental advisor.
3. General education courses cannot be used to fulfill the minor requirement.
4. A Declaration of a Minor form must be filled out and returned to the Registrar’s Office.

Hellenic College Honors Program
The Honors Program is an interdisciplinary endeavor of the College to support and acknowledge academic excellence. Through the Honors Program honors students are united in their active approach to learning and their desire to go beyond formal requirements for their degree. An important aspect of the Honors Program is the opportunity to develop collegial and intellectually stimulating faculty-student relationships. The mentoring relationships that are fostered in the Honors Program are formed in the context of an appreciation for learning and a mutual respect for people's gifts, talents, and contributions to the teaching-learning process. Sophomores interested in applying for a seat in the Honors Program must complete an application, available in the Office of Admissions.

The heart of the program is the yearly seminar. These courses work together to provide a comprehensive overview of the intellectual and social forces that have shaped the modern world. Each semester is devoted to an integrated study of art, history, literature, music, the natural and social sciences, philosophy, and religion.

_SAMPLING OF HONORS COURSES_
HNRS 4927: Fieldwork and Community-Based Learning (Dr. McIntyre)
HNRS 4928: Christianity in Late Antiquity (Dr. Katos)
HNRS 4929: Honors Research Seminar (Dr. McIntyre)

The capstone of the Honors curriculum is the senior thesis project, an extended research project prepared under the individual guidance of a faculty mentor in one's major field. Graduate and professional schools, as well as prospective employers, recognize the thesis as a clear indication of a student’s ability to do independent work at an advanced level.

Honors students complete a minimum of 15 credits in Honors courses. The Honors curriculum includes 6 credits for the thesis project and 3 credits for a seminar on the research and writing of a thesis.

_APPLICATIONS AND SCHOLARSHIPS_
Students typically apply for the Honors Program in their sophomore year. The program is selective and requires the completion of an application form available in the Office of Admissions. All students in the Honors Program receive full tuition waiver for their junior and senior years.

Writing Program Requirements
All incoming students who have not already received a grade of “C” or above for English Composition I taken at another college, or who have achieved a score of at least “4” in AP for English Composition I, must take the Writing Proficiency Test (WPT) given in the same classroom and at the same time assigned for the first day of class for ENG 1101.
English Extended Courses
Students who do not achieve a passing grade for the WPT will be required to take a two-semester sequence of courses before entering ENG 1202. The successful completion of both courses will:

- satisfy the ENG 1101 course requirement;
- grant the student six credits toward the completion of the degree;
- satisfy the prerequisite for ENG 1202.

In the first course, ENG E 1, students will complete the exact curriculum for ENG 1101 but with intensive writing assistance. Learning outcomes will be assessed on the basis of a sequence of essays that determine how well a student has applied a process-approach to expository writing. This approach includes developing and supporting a thesis, applying strategies for organizing an argument in outline form, and other skills. Additional personal instruction and additional opportunities for revision are among the advantages that will build writing expertise while also building confidence.

Adding to the general course objectives of ENG E 1, the goals of the second course, ENG E 2, include strengthening the ability of students to (1) respond critically and creatively to the ideas and strategies in the writing of others through reading a variety of texts including academic discourse and (2) use methods of research and citation at an introductory level. In this course students complete a basic version of ENG 1202.
Program Description
Greek studies have a long and strong tradition at Hellenic College. Despite the rather small size of the College, its Greek Studies program has always been rich and vibrant. This is quite evident from the number of courses offered and the full-time faculty teaching and researching the many aspects of Hellenism. During the last few years a number of important developments further contributed to the enrichment and expansion of the College's curriculum and related offerings.

The Michael G. and Anastasia Cantonis Chair of Byzantine Studies is an endowed chair for the study of Byzantine history and culture at Hellenic College and Holy Cross Greek Orthodox School of Theology. Established in 2007 through the generosity of the Cantonis family, the Cantonis Chair promotes Byzantine studies through academic coursework, a strengthened library collection, public lectures, and academic conferences, and it is committed to the advancement and promotion of Byzantine studies within academe and the public at large.

Equally significant, the Mary Jaharis Center for Byzantine Art and Culture was established in October 2010 on the campus of Hellenic College and Holy Cross Greek Orthodox School of Theology as a result of a generous grant from The Jaharis Family Foundation. The Center promotes Byzantine studies with a particular emphasis on Byzantine art and culture. It sponsors seminars, conferences, visiting scholars, and special arts events.

The generous gift of the New York Life Insurance Co. was a significant gift to Hellenic College in 2008. This gift is the final settlement for unclaimed insurance policies of Greek victims from the Asia Minor disaster period. It is intended to support the establishment of a New York Life Center for the Study of Hellenism in Pontus and Asia Minor, to sponsor programs and academic activities on relevant topics.

Our program offerings have expanded as a result of the above donations. In addition to its major in Classics, the Greek Studies program also offers the following minors: Ancient Greek; Latin; Classics; Classical Civilizations; Byzantine Studies; and Modern Greek Studies. Moreover, in response to the needs of Greek American elementary and secondary schools, the College also offers a Certificate in Teaching Modern Greek. The various components and offerings of the program are explained in greater detail as follows:

Classics Course Requirements

Classical Languages and Literature
In order to graduate with a major in Classics, in addition to the general education requirements, students are required to complete 42 credits of work selected from the course offerings and 12 credits of Classics electives. The credits may be distributed to include 9 courses in Greek language and literature, 4 courses in Latin language and literature, 3 courses in Greek history and culture, and 2 courses in Roman civilization.

Students in the program are not required to take Beginning Modern Greek I–II as general education requirements. Instead, they take Ancient Greek, Attic Prose, and the additional language requirements of the program.

Greek Courses
- Beginning Ancient Greek I 3 cr.
- Beginning Ancient Greek II 3 cr.
- Attic Prose 3 cr.
- Greek Lyric Poetry 3 cr.
- Philosophy of the Person 3 cr.

**Four Classics electives** 12 cr.

**Requirements for the Minor**
Students pursuing a minor in Classics are required to complete a sequence of 15 credits of work, beyond basic language courses, selected from courses offered in the program. In addition to the minor in Classics, the program offers minors in Ancient Greek, Latin, and Classical Civilizations, as well as in Byzantine and Modern Greek Studies. All the minors are aimed at those students of our College and the School of Theology who wish to expand their knowledge in one of these areas. As previously stated, a student must complete at least 5 courses (15 credits) in the area of his or her choice to earn such a minor. The course offerings for each one of them appear below.

**Minor in Ancient Greek**
- Beginning Ancient Greek I
- Beginning Ancient Greek II
- Attic Prose or Classical Linguistics
- Classical Mythology or Literature and Arts in Ancient Greece

- History of Byzantine Music
- Travels in Greece: From Pausanias to Durrell, or a course in a general field of Roman or Byzantine civilization, subject to department approval.

**Minor in Modern Greek Studies**
- Advanced Modern Greek I
- Advanced Modern Greek II
- History of Modern Greece or History of Modern Hellenism
- Readings in Modern Greek Literature or Greek Translation
- Greek American Experience or European Intellectual History

**Certificate in Teaching Modern Greek**
The Certificate in Teaching Modern Greek is designed for the educational enrichment of Hellenic College students who wish to teach in the parochial schools of the Greek Orthodox Archdiocese and for individuals who plan to teach or are currently teaching in Greek-language day and afternoon schools.

Requirements for the Certificate in Teaching Modern Greek consist of courses in education, language methodology, and Greek Studies. Upon completion of course requirements, all students must pass a Greek language proficiency examination at a B level or above. The examination assumes competence equivalent to 12 credit hours of Modern Greek. The 15 credit hours required to obtain the Certificate are distributed as follows (all courses carry 3 credits):

**Required Courses:**
- EDUC 2011 Foundations of Education
- EDUC 3372 Methods of Teaching Foreign Languages
- EDUC 4712 Methods of Reflective Teaching

**Elective Courses:**
Two courses must be selected from the following:
- ANGK 2321 Ancient Greek Culture
- MDGK 3541 Readings in Modern Greek Literature

The Kallinikeion Institute

The Kallinikeion Institute at Hellenic College and Holy Cross is an intensive modern Greek language program sponsored by the Kallinikeion Foundation. The program offers two courses in modern Greek, one at the Beginning and one at the Intermediate level. Each course meets for an average of five hours per day, Monday through Friday, in August, offering 102 hours of instruction in modern Greek and six credits towards graduation.

The Kallinikeion Institute provides its students with an abundance of opportunities to explore Greek culture, music, and literature, through program activities and HCHC resources; in the inspiring Boston academic environment, Kallinikeion students combine their study of modern Greek with museum visits, traditional Greek music concerts, Greek poetry recitation, and other educational events.

All Hellenic College Holy Cross full-time students are eligible for a full scholarship covering tuition, room and board, and all the other benefits of the Kallinikeion Institute. The program is open to outside students as well, depending on availability. If you are planning to enroll in the Kallinikeion Institute, please visit the Kallinikeion website (http://www.hchc.edu/academics/summer_courses) or contact the HCHC Registrar for more information on registration deadlines. Also, please note the following:

• Students wishing to enroll in Intermediate Modern Greek I & II at the Kallinikeion Institute must have a grade of B- or higher in Beginning Modern Greek IIb, Beginning Modern Greek II, or equivalent
• Due to scheduling issues, Holy Cross students (and especially GOA seminarians) are advised to enroll in the Kallinikeion Institute the summer before their second year of studies.
• Two $500 Kallinikeion Academic Excellence Awards, one for Beginning Modern Greek I and one for Intermediate Modern Greek I & II, are awarded to the students who excel academically in their course.

Liberal Studies

The Liberal Studies degree program provides students with opportunities to gain knowledge about a range of courses in the arts and humanities, philosophy and religion, social sciences and natural sciences.

The Elementary Education Concentration requires all students concentrating in Elementary Education to enter the baccalaureate degree program in Liberal Studies. In conjunction with the general education requirements, the Liberal Studies major provides students enrolled in the Elementary Education Program with the chance to explore subject areas that complement and incorporate the 36 subject area semester hours needed to meet the Massachusetts Department of Education requirements.

The Liberal Studies B.A. program also offers a concentration in Literature and History, allowing students the freedom to learn about widely diverse cultures throughout the world as seen through the lens of literature. The interdisciplinary nature of the program showcases the dynamic relationship between two vitally important fields of learning. Courses prepare students for careers in education as well as for graduate studies in history, English, law, journalism, policy studies, and many other fields in which analytic thought and effective communication are of primary importance.
Elementary Education

BACHELOR OF ARTS IN LIBERAL STUDIES WITH CONCENTRATION IN ELEMENTARY EDUCATION

Program Description
The Elementary Education Program offers an integrated course of study that leads to a Bachelor of Arts in Liberal Studies with a concentration in Elementary Education. It enables students to obtain licensure as elementary school teachers (grades 1–6) in the Commonwealth of Massachusetts and 39 other states. In addition to preparing teachers for teaching in public schools, the program also prepares teachers who wish to serve community schools within the Greek Orthodox Archdiocese.

The Elementary Education Program consists of a strong multicultural component. Students in the program become familiar with current developments in curriculum and instruction, understand the role of schools and teachers in society, and are prepared to meet the needs of students from diverse racial, socioeconomic, linguistic, and cultural backgrounds. The program culminates in a fourteen-week intensive student teaching practicum in diverse school sites, including the Boston and Brookline public schools.

The interdisciplinary nature of the teacher education program enables future teachers to gain a broad vision and an appreciation of what it means to be a teacher. In accordance with the mission of Hellenic College, the program prepares caring professionals who view teaching as a calling and nurtures in them an impassioned commitment to the teaching and learning process. All courses and field experiences are designed to meet the Professional Standards for Teachers required by the Commonwealth of Massachusetts for certification of educational personnel. The program is accredited by the Massachusetts Department of Education.

In addition to completing an application to be accepted into Hellenic College, all students interested in the Elementary Education Program must complete a supplemental application form. If accepted, they can transfer 6 credits into the program. Those credits must have been acquired by taking education courses that are comparable to the education courses offered at Hellenic College. No courses will be waived without the approval of the Director of the program. All full-time student teaching experiences must take place in-state unless there are extenuating circumstances, which will be reviewed by the Director of the program.

All students accepted into the Elementary Education Program must major in Liberal Studies (see course listings in catalog). The Liberal Studies major (30 credits) provides students with opportunities to gain knowledge about a range of courses in arts and humanities, philosophy and religion, social sciences, and natural sciences. In conjunction with the general education requirements, the Liberal Studies major provides students enrolled in the Elementary Education Program with an opportunity to explore a range of subject areas that complement and incorporate the 36 subject area semester hours needed to meet the Massachusetts Department of Education requirements. Elementary Education students may not double-count General Education courses and the courses in the Liberal Studies major requirements. Some of the coursework in the Liberal Studies major may also count toward the general education requirements.

Hellenic College offers a baccalaureate degree in Liberal Studies with a concentration in Literature and History. Students interested in the areas of intersection and cross-fertilization between these two fields will start their journey with the program’s core courses and then choose from a wide range of free electives.

The program focuses on cultivating exceptional strength in the areas of analytic thought and written expression. As such, it prepares students for graduate studies in virtually any field, as well as for careers that include teaching, law, journalism, policy studies, media, consulting, and government, among many others.

Students wishing to join the program will demonstrate competency in the general education requirements at Hellenic in English and History: English Composition I and II, World History I and II.

Literature and History is a concentration that is interdisciplinary. Both fields form the vital basis of a degree in the humanities. Discovering the ways in which each discipline enriches the other will be a touchstone of a student’s years in the program. Our guiding method is to ask both literary and historical questions of texts. On the one hand, the field of literature mirrors intellectual and cultural history, and, on the other, documents regarded as chiefly “historical”—a speech, a government policy paper, a diary entry, memoirs, letters can be interpreted fully only through the lens of both literary and historical traditions.

The Senior Thesis is a two-semester writing project. A topic for scholarly investigation emerges based on the creative spread of interests the student has developed over the previous three years. Within the frame of personal consultations with faculty, students learn the research and writing skills necessary to produce inter-disciplinary scholarship of their own.

In addition to the general education requirements, students will complete the following courses:

Human Development

Program Description
The Human Development major integrates biological, psychological, socio-cultural, and religious perspectives in the study of the human growth. This program enables the highly motivated student to address issues in human development and human services from a broadly based systems perspective—a perspective designed to encompass the complexity of human nature. The goal of the Human Development Program is to provide a challenging educational environment in which critical thinking and direct service experience can be profitably conjoined to provide a solid base for the student’s future role in professional and academic settings.

Human Development Course Requirements
Students who wish to major in Human Development are ordinarily required to complete the following courses in addition to the general requirements.

Management and Leadership

Program Description
The Management and Leadership major is designed to prepare men and women for positions in private, public, and non-profit organizations. The Program focuses on the changing nature of leadership in different kinds of organizations including parishes and other non-profits and on developing leaders with strong Orthodox Christian values in a global and multicultural society. The Program, together with the culture of Hellenic College, provides a rich environment to educate men and women to manage and lead in private and non-profit organizations of the twenty-first century.

The Curriculum
The curriculum of the Management and Leadership program is an integrated program of study that is designed to prepare students to manage and lead sensitively and ethically in private, public, and non-profit organizations, as well as in parishes. Through their program of study, students will develop skills in managing human resources, operations, and change and quality, as well as the ability to understand the financial and economic aspects of management and leadership. The culture of Hellenic College exposes students to the ideals, values, and behavior exemplified by practicing Orthodox Christians working and living in a community of faith and learning. The environment of Hellenic College provides men and women with experiences that shape and form character, for character is not formed through a course in ethics here and there, but through the interplay and integration of prayer, worship, the sacramental life, teaching and learning, scholarship, athletics, the performing and fine arts, cultural enrichment events, social activities, service to others, and most significantly, human interactions between students and students, students and faculty, and students and administrators.

The Internship Program
The internship program is an integral part of learning and offers Management students an opportunity to put classroom learning into practice. Reflection on how experience links theory with practice is an important part of the internship program. Management majors spend over 225 hours at the internship site in their senior year. The internship program is designed to help students develop a foundation of knowledge and skills about working and leading in organizations. Students are supervised by experienced professionals in private, public, or non-profit organizations and approved and overseen by the Program Director. Under special supervision, students may also undertake internships abroad for a semester.

Management and Leadership Course Requirements
Students majoring in Management and Leadership are ordinarily required to complete the following courses in addition to the General Requirements (57 credits):

- Introduction to Management 3 cr.
- Organizational Behavior 3 cr.
- Accounting I & II, Managerial Accounting III 9 cr.
- Economics (Micro/Macro Economics) 3 cr.
- Financial Management 3 cr.
- MIS 3 cr.
- Marketing 3 cr.
- Human Resources Management 3 cr.
- Operations Management 3 cr.
- Business Law and Ethics 3 cr.
- Business and Society 3 cr.
- Strategic Management 3 cr.
Organizations or Global Management or Managing Change  3 cr.
Leadership Theory and Practice  3 cr.
Management/Leadership Seminar  3 cr.
Management/Leadership Internship  6 cr.

Total  57 credits

Students are encouraged to pursue a minor in one of the other majors and are required to complete a sequence of 15 credits selected from courses offered in that program.

**Minors**

A student pursuing a minor in Management and Leadership at Hellenic College will be required to take a total of 15 credits chosen from upper- and lower-level courses, depending upon the student's area of interest. The minor in Management offers an opportunity to students in other majors to diversify and expand their knowledge and skills in management and leadership of their businesses and institutions. Through the program, students will study and develop skills in managing human resources, operations, and ethical responsibility, as well as the ability to understand the financial and economic aspects of their businesses, institutions, and other not-for-profit organizations they will be called to lead and manage. The following are the three areas of interest and specialization:

**Minor in Business Management (Small and Medium)**
1. Introduction to Management  3 cr.
2. Accounting I & II  6 cr.
3. Operations  3 cr.

Religious Studies

Program Description
Religion distinguishes humanity within the larger context of God’s creation. Studying religion challenges the intellect, provokes moral response, and prompts social action. For these reasons, religion has been at the heart of liberal arts since the establishment of the university tradition. Today, religion appeals to all students who still cherish these ideals of education.

Hellenic College boasts the only accredited undergraduate department in the western hemisphere that offers a comprehensive curriculum in religious studies from an Orthodox Christian perspective. Students of the Religious Studies Program enjoy a unique opportunity to explore the richness of their faith in an academic setting that is steeped in the Orthodox liturgical, ecclesial, and theological tradition. The program consists of three main divisions: Bible; Christianity; and Religion.

Most students enrolled in the Religious Studies Program choose ministerial vocations or graduate studies. Students seeking a major in another program at Hellenic College may wish to declare a minor in Religious Studies, which would allow them to broaden the scope of their own major or personal academic journey.

Students who wish to major in Religious Studies are ordinarily required to complete the following courses in addition to the General Requirements.

Total: 33 credits

Elective Requirements
Students must complete at least two Religious Studies electives in two different divisions (Bible, Christianity, or Religion). The fifth required elective may be taken in any division. Students must complete a minor (a minimum of 15 credits) in one of the other programs available at Hellenic College. This minor requirement is optional for seminarians of the Greek Orthodox Archdiocese. Seminarians of the Greek Orthodox Archdiocese must complete the Seminarian Requirements (see below). To allow for these extra courses, two Religious Studies electives (six credits) are waived. Seminarians are required to complete three Religious Studies electives (nine credits), from their choice of at least two different divisions.
Requirements for the Minor
Students in other programs of Hellenic College may choose to minor in Religious Studies. As per academic policies of Hellenic College, students may not use courses already taken in fulfillment of general education requirements towards the minor requirement. The minor requirements are listed below:

**Bible**
- Biblical Heritage I 3 cr.
- or
- Biblical Heritage II 3 cr.

**Christianity**
- Great Christian Thinkers 3 cr.

**Religious Studies**
- World Religions 3 cr.
- or
- Introduction to Religious Ideas 3 cr.

**Religious Studies Electives**
- Two electives (in any division) 6 cr.

**Total** 15 credits

Additional Requirements for Seminarians of the Greek Orthodox Archdiocese (GOA)
Many Religious Studies students graduate from Hellenic College and continue their studies in the Master of Divinity program of Holy Cross. Undergraduate seminarians of the Greek Orthodox Archdiocese receive special preparation for their future ministry in the churches of the Archdiocese by taking extra courses in theology, Byzantine chant, and Greek language and culture (48 credits). Seminarians who have completed the following requirements are eligible for admission to the three-year Master of Divinity program at Holy Cross Greek Orthodox School of Theology.

- Modern Greek Language 24 cr.
- New Testament Greek I–II 6 cr.
- Byzantine Chant I–VI 9 cr.
- Greek culture or history course* 3 cr.
- Introduction to Old Testament 3 cr.
- Introduction to New Testament 3 cr.

**Total** 48 credits
* E.g., Ancient Greek History and Culture; Greek-American Experience; History of Modern Hellenism; et al.

Modern Greek Language Requirements for GOA Seminarians
Modern Greek language preparation is a central element in training for ordained ministry in the Greek Orthodox Archdiocese of America. To that end, seminarians complete 24 credits in Modern Greek language preparation. The typical course of study is as follows:

- Beginning Modern Greek I–II 12 cr.
- Intermediate Modern Greek I–II 6 cr.
- Advanced Modern Greek I–II 6 cr.

Proficiency exams offered each spring will determine whether students have attained the necessary degree of competence to move to the next level of Greek, or whether a remedial course is required first. Students with prior knowledge of Modern Greek will take a placement exam to determine at what level their studies will begin, and they will continue their studies in domain-specific (e.g., culture, literature, history), post-advanced level language courses that will be offered beginning AY 2015.

Music Minor Program

Program Description
The Music Department of Hellenic College allows students to make music a profound part of their lives. Ensembles, lessons, and classroom instruction nurture each student’s innate musicality. By the time the students have finished their studies as music minors, they will have had access to serious professional training. Students can pursue a wide range of musical topics or pursue performance study to fit their busy schedule. Courses are open to all students. The student has the opportunity to engage in a concentrated, intensive program according to their abilities or fill musical gaps in their education. The music faculty is available to the student for any assistance needed to fulfill their personal objectives in the courses offered in this program.

Requirements
Students pursuing a minor in music are required to complete a sequence of 15 credits of work selected from courses offered in this program. The Music Core subjects listed below are required and three electives must be selected for the completion of the 15 credits needed for a Music Minor.

CORE SUBJECTS—Required for 3 credits each:
- History of Western Music
- Survey of Byzantine Music
- Fundamentals of Western Music Theory

ELECTIVES—Select any 3
- Voice Class
- A Western Approach to Byzantine Chant
- A Survey of Traditional Greek Music
- World Music Survey
- Piano Keyboard
- Music Composition/Arranging
- Modal Music of the Middle and Near East from a Byzantine Perspective
Course Descriptions

All courses are 3 credits except where indicated otherwise.

**ART**

**ARTS 3102 History of Art**
This course presents a survey of Western art from ancient civilizations through the Renaissance to today, with emphasis on the major artists and works of art of the Byzantine period.
*Spring*  
Steinmetz

**ARTS 2345 Painting I: Foundations**
This is an introduction to the materials, methods, and vocabulary of painting in both historical and contemporary contexts. The course uses observation and learning to see as the cornerstone for painting, but involves expression and abstraction as well as representation form and space in pictorial compositions. Students are expected to paint in the studio during class and to complete their projects for increasing knowledge of the use of color as it pertains to painting.
*Spring 2014*  
Qose

**Arts 2551 Painting II**
A continuation and expansion of the skills acquired in Painting I. Students are introduced to a wider range of experimental painting methods, using acrylic-based media for the human body and portraits, and will be working in large- as well as small-scale formats. The context of painting in classic and contemporary art will be particularly emphasized in this course.
*Fall 2014*  
Qose

**ARTS 2163 Iconography**
This course will begin with the preparation of the board and continue with the basic technique of egg tempera painting and the varnishing of an icon. Students will experience the entire process by using drawing forms, constructing with smoothly painted passages of light and essential quality of graphic line. Through this process, they will learn the theological underpinnings of the icon. Based in traditional language of iconography, students will continue their studies finding an appropriate prototype for creating their own drawing, painting, and finished icon. Completion of Drawing and Painting II or equivalent is required before taking this course.
*Fall 2013, Spring 2015*

<td>ANGK 1042</td>
<td>Attic Prose I and II</td>
<td>The objective of this course is to begin a study of Ancient Greek as a foundation for upper-level courses. It covers the basics of grammar, syntax, and vocabulary building. Students learn to understand Greek passages and translate from Greek into English. This is a two-semester course. During the first semester (fall), this course follows the same curriculum as NTG 401 since the basis of grammar, syntax, and vocabulary are similar. In this way the students are exposed to more passages in the original Greek than if they were to follow a standard beginning Ancient Greek method. During the second semester (spring) the text used is Classical Greek (readings from Xenophon's <em>Anabasis</em>). Additional forms in grammar and syntax are also taught during this semester. EDUC 3362  Education of Children with Special Needs
This course includes fundamental and historical information related to the field of Special Education as well as a discussion of current educational practices related to inclusion. This course explores the educational needs of students with a range of disabilities such as autism, dyslexia, and speech and language disabilities. Emphasis is placed on research-based assessment strategies, instructional strategies, and interventions designed to foster children’s success.
Fall  Ryan

EDUC 4311  Methods of Teaching Language Arts I
This course is the first course of a two-semester course and provides students with the theoretical foundations and instructional strategies to assist children in becoming literate individuals. This course will enable students to provide a balanced, comprehensive program of instruction that includes instruction in reading, writing, technology, and related literacy skills for all students, including students with varied reading levels and language backgrounds. Students will explore ways to integrate the MA Standards and Curriculum Frameworks into literacy instruction. The focus of this course is on the following areas: components of a balanced literacy approach, developmental stages of reading, assessment, planning and classroom organization for reading instruction, cueing systems in reading, principles of phonics and phonics instruction, word study, and the teaching of literature and literary response. Attention will be given to inclusion of traditionally underrepresented ethnic minorities, i.e., special education, English language learners, economically disadvantaged, and ethnic minorities.
Fall  Ryan

EDUC 4312  Methods of Teaching Language Arts II
This course is the second part of a two-semester course that has been designed to provide students with theoretical and pedagogical information necessary to become effective teachers of Language Arts. Students will further explore the ways cultural and linguistic differences affect literacy development, and be able to implement literacy instruction that motivates students. The focus of the second semester is on the following areas of a balanced literacy program: characteristics of content-area reading, development of children’s writing, exposure to a variety of literary genres, and deepening students’ knowledge of both assessment and instructional planning and design. Continued focus will be given to inclusion of traditionally underrepresented ethnic minorities, i.e., special education, English language learners, economically disadvantaged, and ethnic minorities. Field experience is a required aspect of this course. Language Arts I is a prerequisite for this course.
Spring  Ryan

EDUC 4321  Methods of Teaching Mathematics
The course will expose students to inquiry-based, hands-on approaches to teaching mathematics. Students will become familiar with math curricula, will learn various teaching methods and strategies, and will use a host of resource materials to develop their own lesson plans. Field experience is a required aspect of the course.
Fall  TBA

EDUC 4341  Methods of Teaching Science and Health
The course will expose students to inquiry-based, hands-on approaches to teaching science and health. Students will become familiar with science and health curricula, will learn various teaching methods and strategies, and will use resource materials to develop their own lesson plans. Exploring the arts will be examined as an aspect of understanding an overall health curriculum.
Fall  TBA

EDUC 4351  Multiculturalism/Social Studies Education
This course will introduce students to the field of multicultural education. Students will engage issues from a multicultural perspective based on an understanding of the concept of culture and the importance of preparing young people for citizenship in a culturally diverse, democratic society. In addition, students will examine the field of social studies and design a social studies curriculum for the elementary classroom.
Spring  McIntyre

EDUC 4612  Participatory Action Research
See full description in Social Sciences.
Fall/Spring  McIntyre

EDUC 4712  Methods of Reflective Teaching
The main goals of this course are to initiate students into reflective practice as teachers and assist them in developing a critical approach to education that challenges them to view education as uncertain, dynamic, and a rich site for teaching and learning. To do this, the course will introduce students to the growing field of teacher research, critical pedagogy, and reflective practice through readings, discussions, and course assignments. Field experience is a required aspect of the course.
Fall  McIntyre/Ryan
EDUC 4812  Student Teaching Practicum (9cr.)
Required of students who wish to become certified as elementary school teachers, the practicum consists of supervised student teaching in grades 1–6. Student teaching responsibilities include planning and implementing daily class lessons, developing curriculum materials, and demonstrating knowledge of the Massachusetts Curriculum Frameworks and competence in the Professional Standards of Teaching.

Fall/Spring  McIntyre/Ryan

EDUC 4912  Student Teaching Seminar
This course is offered concurrently with student teaching and relates the teaching experience to additional curriculum and knowledge areas of elementary education. Its purpose is to enhance self-evaluation on the part of the student teachers and to deepen their understanding of education as a profession.

Fall/Spring  McIntyre/Ryan

ENGLISH

Writing Program Requirements

English Extended Courses
All incoming students who have not already received a grade of “C” or above for English Composition I taken at another college, or who have achieved a score of at least “4” in AP for English Composition I, must take the Writing Proficiency Test (WPT) given in the same classroom and at the same time assigned for the first day of class for ENG 1101.

Students who do not achieve a passing grade for the WPT will be required to take a two-semester sequence of courses before entering ENG 1202. The successful completion of both courses will:

- satisfy the ENG 1101 course requirement;
- grant the student six credits toward the completion of the degree;
- satisfy the prerequisite for ENG 1202.

In the first course, ENG E 1, students will complete the exact curriculum for ENG 1101 but with intensive writing assistance. Learning outcomes will be assessed on the basis of a sequence of essays that determine how well a student has applied a process-approach to expository writing. This approach includes developing and supporting a thesis, applying strategies for organizing an argument in outline form, and other skills. Additional personal instruction and additional opportunities for revision are among the advantages that will build writing expertise while also building confidence.

Adding to the general course objectives of ENG E 1, the goals of the second course, ENG E 2, include strengthening the ability of students to (1) respond critically and creatively to the ideas and strategies in the writing of others through reading a variety of texts including academic discourse and (2) use methods of research and citation at an introductory level. In this course, students complete a basic version of ENG 1202.

Course Descriptions

ENG E 1
“English Extended One,” or ENG E 1, uses a one-on-one approach to teaching the basics of academic writing with an emphasis on building written fluency, using conventions of standard written English, and editing for precision and correctness. ENG E 1 is the first half of a two-semester sequence of courses required for students who need extra preparation before entering English Composition II (ENG 1202).

Fall  TBA

ENG E 2
“English Extended Two,” or ENG E 2, the second semester course in the one-year sequence, continues to introduce students to college-level writing, in conjunction with college-level reading and analysis of written texts. The class provides students with an opportunity to participate in the larger thinking and writing community they have joined, one that values critical thinking and fosters an understanding of the ways in which ideas are constructed and expressed.

Spring  TBA

ENG 1101  English Composition I
Prepares students for fundamental competence in the analysis and written communication of ideas encountered in undergraduate writing tasks for all disciplines. Clarity, coherence, correct usage, and persuasive order of presentation are some of the conventions of strong, consecutive prose that will be stressed. Course includes reading of exemplary essays.

Fall  Lanzano

ENG 1202  English Composition II
A continuation of English Composition I (prerequisite). Training in critical reading and writing. Critiques, oral presentation, and based on assigned readings in the major literary genres. Prerequisite: ENG1101.

Spring  Lanzano
ENG 2241  American Literature
A survey of major authors starting with the Colonial and Revolutionary Periods, and ending with a selection of twentieth-century works, but focusing chiefly on the middle period of the American Renaissance. Includes such authors as Hawthorne, Emerson, Melville, Whitman, Dickinson, and Thoreau.

Spring  Ryan

ENG 2432  Russian Literature
All works are chosen from the major Russian writers, and represent approximately one hundred years of authorship, from mid-nineteenth century to mid-twentieth century. If time allows, some recent writers will be included. This course aims to introduce students to influential ideological and aesthetic trends in Russia's literary tradition against a background of a culture in dramatic transition. Authors studied include: Gogol, Dostoevski, Chekov, Nabokov, among others.

Fall  Steinmetz

ENG 3282  World Literature
A comparative cultural studies approach to some major texts of world literature in the twentieth century centering on literary works that present the interaction among different cultures. It begins with works from the colonial period at the beginning of the century, moves on to the literature of WWI, WWII, and Vietnam, and then to post-colonialism, concluding with the emerging globalization at the end of the century. The course also includes a genre approach to literature, using major texts to introduce students to literary types.

Fall  Lanzano

ENG 3288  Modern Literary Studies
This course will provide an in-depth focus on the short works of authors who are universally renowned on the stage of world literature. We will consider the special qualities, the aims, the themes, and the local and national significance of each author's work. Authors may include Flaubert, de Maupassant, Kafka, Verga, Melville, among others.

Spring  Lanzano

ENG 3311  Shakespeare Seminar
A study of several of the major plays spanning the early, middle, and late periods of Shakespeare's career.

Spring  Lanzano

ENG 3315  Major British Writers
Area studies in works written in the Renaissance, Romantic, and Victorian eras. The course will pay particu-
lar attention to the cultural context and changing literary traditions in which major authors lived and wrote.

Fall  Lanzano

ENG 3320  Great Books
An exploration of key concepts and themes found in major writers in the modern Western tradition. Study, discussion, and written analysis of a wide range of works. Authors may include Goethe, Dante, Kafka, Freud, Kant, among others.

Fall  Lanzano

ENG 3352  A Literature of Vocation
For students preparing to advance social change in their professions. Readings will include the chronicles of social activists and authors such as Jane Addams, Zora Neale Hurston, Flannery O'Connor, among others. The subject stressed in the works in the connection between the idea of community and call of service.

Spring  Ryan

MDGK 4612  Modern Greek Literature of the Twentieth Century
A critical study of selected works by contemporary major writers of modern Greece in their cultural, social, political, and literary contexts.

SPAN 2220  Spanish I
Using the text Spanish Two Years and CDs, students will be introduced to numbers, telling time and dates, and will then move on to simple sentence structures and beginner's vocabulary. Students are expected to express themselves in Spanish from day one, at first in a slow and limited fashion, but with more confidence and mastery as the semester progresses. Through films, songs, and CDs of both South American and Spanish speakers, students will discover the rich heritage of both Spain, the mother country, as well as Mexico, Central America, and South America, including the celebration of the Day of the Dead with the making of masks and decorated pots with indigenous designs. Verb tenses covered include present, present progressive, present subjunctive, preterite, future, and conditional, as well as commands. Additionally, students will master indirect and direct object pronouns. Students are expected to complete and turn in for grading about seven pages of written homework per class. Each class begins with an oral exam on assigned work. The course is taught entirely in Spanish.
Fall  League

SPAN 2001  Spanish II
After a review of concepts taught in the first semester, the students' vocabulary is expanded through a series of dialogues in which they are expected to show increasing mastery of the language, including idiomatic expressions. The skills of speaking and listening are emphasized in the first semester of the course; the second semester emphasizes reading and writing in addition to these two skills. Frequent practice in listening to CDs outside class will be expected. Verb tenses covered in the second semester include past and perfect subjunctives and the indicative perfect tenses. Students will be encouraged to express themselves on an assigned subject in Spanish for ever-increasing lengths of time. Each class begins with an oral exam on assigned work. MGMT 3501  Management/Leadership Internship  
Through the internship, students develop a foundation of knowledge and practical skills for working and managing in an organization. In the first semester of the internship, students develop a career assessment plan, identify appropriate databases and networks for identifying mentors and internship possibilities, and develop strategies on how to reach internship decisionmakers. In addition, they develop their resume and cover letter as well as hone their interviewing skills. They are also connected with possible mentors in and outside of the College. Once they have obtained an internship site, students develop a learning contract outlining their internship learning goals and outcomes, which is signed by the site supervisor, the student, and the academic advisor. Student then spend the second semester on site, fulfilling their internship learning goals.

RELIGIOUS STUDIES

Religious Studies Core Courses

RELG 2014 Introduction to Great Religious Ideas
When science looks at religion, what does it see? From the viewpoint of rational reflection, what purpose does religion serve in the social, personal, and mental life of man? Or is it rather the case that religious faith concerns a realm beyond the access of the scientific mind? This course examines four great rational systems for the understanding of religion, those created by Sigmund Freud, Karl Marx, Emile Durkheim, and Clifford Geertz. Each system has been influential in the intellectual life of the modern world, and some can even claim to have changed world history. By studying each theorist, and then applying his universal theory of religion to a particular faith, we will be able to decide for ourselves what these theories have to teach us about religious faith. The four religions to be studied will be Sunni Islam as practiced by al-Qaeda, Greek Orthodoxy on the island of Kalymnos, Protestantism and Roman Catholicism in the U.S. Marine Corps, and Shintoism in Japan.

PHILOSOPHY

PHIL 3012 Philosophy of the Person I
The two-semester course introduces students to philosophical reflection and to its history through the presentation and discussion of the writings of major thinkers from ancient, medieval, modern, and contemporary periods. The course is designed to show how fundamental and enduring questions about the universe and about the nature of human beings recur in different historical contexts. Students in the first semester will be introduced to and familiarized with the Greek inception of philosophy beginning with the Pre-Socratics, the systematization and development of philosophical thought by Plato and Platonic tradition and finally, the synthesis—but also the tension between Greek reason and Christian faith as it occurred in late Antiquity and was developed in the Middle Ages.

PHIL 3020 Philosophy of the Person II
In the second semester, the students will be introduced to and familiarized with the advent of modern philosophy with Descartes, with the age of Enlightenment represented by Kant and finally, with the rise of existentialism with Kierkegaard, Sartre, and Camus, but also with the end of metaphysics with Nietzsche and Heidegger.

RELIGIOUS STUDIES

RELIGIOUS STUDIES

RELG 2015 Religions of the World
A survey of major religious traditions of the world, from the religions of India and the Far East, to the more familiar religions of the West. Students are introduced to the origins, history, scriptures, and fundamental tenets of each faith, as well as the modern transformations and manifestations that currently characterize them. The course is designed to enable students to begin the journey of their own personal study of religions in greater depth.

RELG 3014 Biblical Heritage
This survey aims to acquaint students with the main parts of the Bible. The course will concentrate on those texts that underline the Bible as a piece of literature, a source of history, and a channel of divine revelation. To achieve this goal, literary, historic, and religious texts from the ancient Near East will be discussed along with selected passages from the Bible.

RELG 3015 Biblical Heritage II
This course aims to acquaint students with the New Testament (primarily the Gospels). Representative figures, historical events, and theological themes are discussed in light of ancient and modern interpretations. A special emphasis is placed on the ancient Christian interpreters in their relentless attempt to capture the spiritual significance of the text. Modern scholarship in its effort to reconstruct the pre-history of the biblical material is also examined.

RELG 3016 Great Christian Thinkers
All Christians are called upon to appropriate the gospel for themselves and their generation. This course examines Christian thought from its origins to the present and acquaints students with the most significant personalities in the long history of Christian ideas, both Eastern and Western.

RELG 3017 Introduction to Orthodoxy
This course introduces students to Orthodox Christianity’s central theological tenets and its most critical historical developments. The course will survey topics such as Orthodox theology, liturgy and ritual, art and culture,
the veneration of saints, asceticism and monasticism, prayer and spirituality, as well as issues confronted today by contemporary Orthodoxy.

RELG 3540 Religion and Political Violence
The scope of this course is to examine the role of religion in political violence and to serve as an introduction into faith-based diplomacy. Structured into two parts, this course will first analyze various types of fundamentalism, Zionism, the laws of jihad, and politico-religious terrorism. In the second part we will explore the history and politics of ethno-religious conflicts in the Balkans, Kashmir, Sri Lanka, Sudan, Rwanda, and the Middle East, contrasted with the basic tools of a case-oriented religious diplomacy. Once completed, it is expected that this course will enable the student to ascertain the extent to which religion and religious diplomacy can be an effective tool in diminishing political violence and working towards peacemaking.

Fall 2011

RELG 3690 War and Peacemaking in the Orthodox Christianity
The purpose of this course is to study the concepts of war and peace in Eastern Christianity. Despite its compelling record of pacifism, the Eastern Church had occasionally derailed from this position due to heretical attitudes in defining and identifying “the enemy,” as well as due to pressures from political authorities. In the first part of this course, a focused literature review of patristic writings, liturgical compositions, canon law, and selected contemporary writings will be conducted for the purpose of identifying the core, structural position of the Eastern Church(es) on violence and peacemaking. In the second part of the course, phenomenological themes such as “evil” and “dualism” will be analyzed for the purpose of comprehending heretical attitudes that emerged during times of war (e.g., demonizing of enemies), while political themes such as just war and nationalism will be explored for the purpose of identifying instances when members of the Church sanctioned defensive violence and fostered a version of nationalism that contradicted Christian universalism. The third part of this course will explore peacemaking methods developed throughout Eastern Christianity in light of the tripartite dimension of violence (against oneself, against God, and against another human being), when managing human passions towards “fighting the good fight.”

RELG 4232 The Worldwide Christian Missionary Movement Throughout the Centuries
A brief survey of Christian missions from its apostolic origins in Jerusalem in the first century to “all the nations” throughout the world by the 21st century. We will look at missionary efforts from the Eastern Orthodox, Roman Catholic, and Protestant/Evangelical perspectives, focusing on their different missionary methodology and history. Each different historical period offers examples of vast and rapid spread, as well as periods of stagnation or retreat. We will try to discover the reason behind these different attitudes and historical events. Throughout the course, the students will discover how understanding mission history can help the Church better realize a contemporary revival of missions and growth in the world today.

RELG 4350 St. Paul: His Life, Legacy and Epistles
This course will study many of the epistles of St. Paul in their historical contexts, seeking to understand both the life of the Saint who wrote these letters and what they espouse for the life of the Church then and now. The student will become much better acquainted with the Pauline corpus as a result of close reading, exegesis, and group discussion of the legacy St. Paul gave us in his epistles, and preserved as Holy Scripture by the Church. We will endeavor to keep the image of Paul the saint in our mind’s eye throughout the semester, and will give a privileged position to the preaching about Paul by our Father of the Church, St. John Chrysostom, by reading the seven sermons he preached “On Praise of St. Paul.”

RELG 4460 Roots in Orthodox Missions
We will look at the roots of Orthodox missions from a detailed biblical, theological, and historical perspective. From this course we will see how the missionary mind and mandate should be a central part of our identity as Orthodox Christians. We will study Old Testament passages, Christ’s life and teachings related to missions, and a look at the early Church, especially St. Paul’s life and writings. We will discuss our overall theological tradition and study aspects which emphasize the centrality of mis-
sions. Finally, we will do a survey of Orthodox missionaries throughout the centuries, seeing how their methods and witness reflect the overall Orthodox ethos.

PSYC 4902 Field Practicum
This course constitutes a field experience in a setting selected by the student in conjunction with faculty. The practicum may be an internship in a nursing home, an agency for troubled adolescents, a state or federal agency dealing with social problems, or in a setting addressing issues relevant to student’s primary service-area of interest. The program is tailored to each student’s needs. The practicum provides supervised learning experience in human services culminating the student’s learning in human development. The course also includes a weekly conference with the major professor and peer group meetings to review and critique the student’s experience and progress.

Sociology

SOCY 1011 Intro to Sociology
This course utilizes a sociological perspective in order to focus on basic concepts, theories, and research involved in understanding human behavior in human societies. The interrelations among societies, groups, organizations, and individuals are analyzed. Topics of analysis include culture, social interaction, social institutions, social stratification, community, and various social change strategies. Numerous contemporary social problems and issues, such as racial and ethnic relations, sexism, class bias, and social discrimination, are discussed.
Fall Mavroudis

SOCY 2302 Statistics I
This course provides a wide range of knowledge on the fundamental concepts of inferential and descriptive statistics as applied in the scientific study and interpretation of economic and social phenomena. It includes statistical data analysis, organization and methods of presentation, measures of central tendency and dispersion, including normal distribution and standard deviation, correlation, regression, concepts of probability theory, hypothesis testing, and analysis of variance.
Fall Lazaridou

SOCY 3351 Research Methodology
This course deals with the data collection component of the research process. The student is instructed in the various methods for gathering data in the social sciences. As much as possible, the course provides not only theoretical learning but also a practical experience of developing a data collection instrument, administering it and presenting basic descriptive statistics.

SOCY 4612 Participatory Action Research: Linking Schools and Communities
This course is designed for teachers and other people working with and in various schools and communities. The course will introduce students to various theoretical and practical issues in the design and implementation of field-based participatory action research (PAR). Students will critically analyze a number of PAR projects and develop a conceptual framework from which to examine PAR, as well as explore the strengths and limitations of community-based research and its relationship to pedagogical practices, educational policies, professional ethics, social services, psychological theory, and teacher education. (Cross-listed with EDUC 4612.)
